Dear Gary:

On behalf of Park Avenue Specialties Ltd. I would like to express our appreciation to Nutec Telephones. After meeting with you and your staff, we definitely benefited from the NEC phone system and the training we received on our voice mail.

The Nutec service and sales staff provided us with an application that meets our telecommunication requirements. Thanks again Gary. We look forward to a mutually beneficial relationship.

Very truly yours,

Don Enyedy  
President
