Dear Gary:

We would like to take this opportunity to express our thanks to Nutec Telephones. We had numerous companies involved in presenting quotes, but after meeting with your cabling expert and application specialist, we chose Nutec Telephones. Your company offered the right solution for our needs.

We have been so impressed with your products and services that we have now purchased two phone systems from Nutec. Royal LePage Gateway Realty would highly recommend your company to other businesses, as your products and team of telecommunications staff are both excellent.

Sincerely

Wayne Meighen
President
